

## An eye for quality

---

Our reputation has been built on the quality of our products, from our design standards and the materials we use, to the manufacturing processes employed. We insist on complete control from beginning to end to guarantee engineering excellence.

## Our customers

---

Our customer base comprises both original equipment manufacturers and machine operators and we supply parts for a number of markets, including:

- Scrap metal processing machines
- Plastics processing machines
- Paper and card processing machines
- Demolition attachments

We work with customers throughout the UK and have a growing international market, as more companies recognise the quality and reliability of **Edge Tool Manufacturing Co Ltd**.
